

ARCHAEOLOGICAL INSTITUTE OF AMERICA

Orange County Society

# 5th Annual Garden Party And 2020 Grant Fundraiser

Once again, we'll gather to talk archaeology and socialize over hors d'oeuvres and drinks to raise money to fund grants for Southern California graduate students. Over the last four years we've awarded \$16,000 in grants thanks to donations from supporters like you.

We hope you'll join in this cause and we invite you to this enjoyable, casual event so we can award additional grants to worthy students in 2020.

Special guest:

Dr. Claire Lyons, Senior Collections Curator, History of Archaeology and Ancient Art at the Getty Research Institute. Join us to hear from her how the Getty has transformed its role into an institution important to the world of art and archaeology.
